expecting its coming, presented by so learned a man as Prof. Moriey. CRUELTY TO IMMIGRANTS. Districting instances of crucity and hardanged in the control of t ng instances of ernelty and hardassufficient and poor food. Dr. Tuttle, on being interviewed, said that the treatment of passengers, particularly the children, suited to little loss than murder. "My note," he said, "does not by any means convey the full extent of the cruelty of the officers of the Nemesia." It is a sufficient indictment of them that alghteen children died during the voyage and since the vassel's arrival, who were in sound health when taken on board. "The came of death was mainly from diarrhea and measles, superinduced by had food and too little of ht." Dr. Tuttle pointed to saveral cots where the emaciated forms of children were seen, some of them in the last agonies of seeth. He said further that the Death of the little of the said further that the Death of the little of the said further that the Death of the little of the lit death. He said, further, that the Royal Notherland Steamship Company had of late been doing an immense business, and that as the number of passengers increased the provision made for their comfort seemed to get worse and worse, until the had management culmiand worse, unit to be Nemesis:

Johhaan Doolling, one of the more intelligent passengers, on boing questioned, seemed rather afraid to tell of the hardships of the long eighteen-day voyage, but being told that
